GLWACH

Community Interest:

- Current trends COVID-19 cases/PH concerns:
 - The highly contagious Delta Variant is driving an increase of COVID-19 cases on FLW and in the surrounding community
 - We have seen some breakthrough cases in those that are fully vaccinated, expect this as more people are vaccinated
 - Most persons fully vaccinated who have symptoms have mild to moderate symptoms
 - Most COVID-19 cases that are hospitalized are in those who have not been fully vaccinated
 - Vaccines are still very effective at preventing severe disease and is our best tool to end the pandemic
 - If you have symptoms, please get tested, even if fully vaccinated, and stay home until you know your results
 - If you are not fully vaccinated and are a close contact, stay home for 14 days and monitor for symptoms, if fully vaccinated, wear a mask if you are a close contact for 14 days and monitor for symptoms
 - If positive stay home 10 days and let anyone who you may have been in close contact with know
